

A-PURE 550

Reverse Osmosis System

With the A-PURE 550 you can be confident that impurities which may be in your city or well water will be removed before they can be ingested by you and your family.

Pure Convenience

- Filtering below microns to angstroms the A-PURE 550 removes contaminants that will pass right through a refrigerator filter
- 50 gallons per day of purified water, straight from your own kitchen sink
- Delivering 30% higher flow rate and 25% less waste water than a conventional reverse osmosis
- Replacing thousands of water bottles per year with 2 small cartridges
- Compact design saves cabinet space with 4 filters and 1 membrane within 2 small cartridges
- Includes custom finish faucet to match your existing fixtures
- Manufactured in the USA

The highest quality water at a lower cost than bottled water in the convenience of your own home. No need for a trip to the store to get the best water for your family.
